

Taylor &amp; Francis

# Open Science & Research Data management

Webinar is intended for MENDELU researchers and it is focused on Research Data management.

**Thursday 20th October 2022, 10:30 AM (CEST)**

**GoToWebinar, 90 minutes, in English**

**Registration:** <https://register.gotowebinar.com/register/8565996450496515600>

**Speaker:** Matthew Cannon

Matthew Cannon is the Head of Open Research for Taylor & Francis Group. Matt has been working at Taylor & Francis for almost 15 years in variety of editorial roles, in both science and social science areas. In 2019 Matt moved to the Open Research team where he sets policies and practices to improve the reproducibility and transparency of research. Matt is a member of the Research Data Alliance and sits on the publisher advisory board of FAIRSharing.org and the Centre for Open Science.
